<http://corp.wamba.com/en/partner/inquiry/>

- “Name” field: Only Latin characters can be entered and no special characters can be used. Length from 3 – 50 characters.
- “Country and city” field: Select the country and city (optional) of the project.
- “Currency” field: Select a currency from the drop down menu. The account currency will depend on the output menu of partner commissions. For rouble accounts — Webmoney, for non-rouble accounts — Paypal. When choosing Dollars or Euros please bear in mind that PayPal withdrawal is only possible if there is an agreement.
- “Company name” and “Position” fields can be populated with either Latin or Cyrillic letters. These fields are optional.
- “E-mail” field: A contact email is required to complete your registration, and also for receiving emails about the partner program.
- “Phone number” field: Phone number is required for confirmation of payment details (if you select this option in settings, a code will be sent to your number to confirm details). This field is optional.
- “Comments” field: If you want to add any comments, you can enter them here. This field is optional.

The screenshot shows the Wamba Partner Program interface. At the top, there's a navigation bar with the Wamba logo, a 'partner' label, a language dropdown, and buttons for 'Partner programmes', 'Reports', 'Tools', 'Settings', and 'Balance'. Below this, a section titled 'Join the partner programme' features a dropdown menu with 'Web' and 'Web Wap' options. The main content area displays three partner programs, each with a description, commission rate, and a 'Join' button.

Program Name	Description	Commission	Requirements
White Label Web	Create your very own social dating site	from 30% from payments of registered users at your site. More details	Requirements: domain web
Mamba Interest Program	earn revenue from your dating traffic	from 40% from payments made by users registered on mamba.ru More details	Requirements: from 10 clicks per day
Wamba Interest Program	earn revenue from your dating traffic	from 40% from payments made by your registered users on wamba.com More details	Requirements: from 10 clicks per day

<http://partner.wamba.com/program/create.phtml>

- In the description of each programme there is a “*More details*” link. Clicking on this link will show more detailed requirements for the partner projects.
- Once you have decided on a Partner programme, click on “*Join*” and fill in the drop down application form (fields “Short description of domain” and “Comments” are optional) and click the “*Join*” button.
- Your application will be sent to the moderator to be reviewed. Your application will be reviewed within 24 hours. Please note that if your application is submitted at the weekend or on public holidays, it will not be reviewed until the next business day.
- Once your application has been reviewed by the moderator, you will receive an email to the email address that you provided, stating whether your application has been successful or rejected.

The setting of a partner programme is performed on the page *Partner Programs Management (Partner Programs → Management)*.

The management of a program with domain includes:

- domain settings,
- link settings.

The link setting process is identical in case of non-domain programme, and in general is not compulsory for White Label Web. Though involving a link to a domain provides additional traffic.

Place a link on third party resources and attract users to your dating site!

To head over to domain settings, please click “*Domain settings*” in the partner programme settings field on the page “Partner programme settings”. As a result, the page *Domain Settings* will open. The page *Domain Settings* includes:

- Title, URL, language and region,
- Design,
- Additional settings,
- Pre-launch page.

LINK SETTINGS FOR WAMBA/MAMBA INTEREST PROGRAMME

↓

Link Settings (Total: 1)

Link name	Link address	Add link	Search by masks
test	mamba.ru	http://partner.mamba.ru/link.phtml?	

To set the link, please do the following:

- Open the page Link Settings.
- Click *Add link*. As a result, the fields of entering the link details are opened.
- Enter the *Link name*. This field is necessary; Latin or Cyrillic letters can be used. Link name is important only for a partner programme owner and it mostly serves for distinguishing one link from another.
- The field to the left of *Add link* is filled in automatically; please don't change it.
- Click *Add link*. As a result, on the right of the link an HTML code will appear. This code is meant for placing as a link.

The page *Joint Access* (*Settings* → *Joint Access*) serves for adding users with administrator rights to the current partner.

To add a user and set his rights please do the following:

- Click *Add User*. As a result, the field *Add User* is opened.
- Enter:
 1. *Username*. For the authorization of the added user he will have to enter his login in the format login.webmaster,
 2. *E-mail* of the added user,
 3. *Password* for the authorization of the added user.
- Indicate the rights for the partner program. To give a user the full control of a partner program, please tick a checkbox in the column *Admin* in front of the partner program. To give the rights just for viewing the settings of the partner program, please tick a checkbox in the column *Visitor* in front of the partner program.

None of the webmasters has access to the partner correspondence and commission withdrawal.

Finances

Choose a way to withdraw funds:

☒ Webmoney

The account number in WebMoney:

Purse number in the WebMoney system:

Frequency of withdrawal:

☐ Automatically transfer money when the specified amount has been reached (minimum 1500 RUR): ☐ Automatically transfer all money:

Once a week

☐ Disable

In order to change the details, you'll need to enter the confirmation code which will be sent to your e-mail address

Choose which way you want to receive the code:

☒ E-mail
☐ SMS

Get the confirmation code

I already have the confirmation code

On the page *Finances* (*Settings* → *Finances*) the partner indicates the details of a bank account/Webmoney purse (or PayPal for USD/EUR currency) to which funds withdrawal must be performed, periodicity of withdrawal, the way of changing the details for withdrawal.
